Over the years The DanO Fund has accomplished much.

Just in the last couple of years, we have:

- Helped other non-profits build their fundraising events
- Donated to help the Behavioral Health Unit of the Burnsville Police Department get started.
- Placed 200 children's book "The Right Thing To Do", the Joe Mauer story written by Joe Schmit in elementary schools throughout the state of Minnesota
- Collaborated with Face It Foundation in a Kentucky Derby even to raise funds in support of the men they are helping.
- Donated 10K to purchase a therapy dog for BHU.

The work we do makes a difference… thank you for your support

THE DANO FUND

Together, we can end the stigma of mental illness

The DanO Fund raises money to support nonprofits that offer mental health services and education. We aim to end the stigma of mental illness, help to decrease suicide rates, and open pathways to mental health resources.
